

2026 IEEE 2nd International Conference on Advances in Signal Processing, Power, Communication and Computing

The 2026 IEEE 2nd International Conference on Advances in Signal Processing, Power, Communication and Computing (ASPCC 2026) is technically co-sponsored by the IEEE Computer Society, the IEEE Consumer Technology Society, and the IEEE Bhubaneswar Section. The conference will be held at IIIT Bhubaneswar from November 26 to 28, 2026. ASPCC is a biennial, research-focused event jointly organized by the Departments of Electronics & Telecommunication Engineering, Electrical Engineering, and the IEEE Student Branch of IIIT Bhubaneswar.

The conference aims to bring together leading scientists, researchers, engineers, academicians, and industry professionals to discuss emerging theories, technologies, and applications in signal processing, power systems, communication, and computing. With the expected participation of around 200 delegates, ASPCC 2026 will feature a comprehensive technical program including tutorials, invited talks, poster sessions, and oral presentations. Researchers are invited to submit original contributions covering theoretical advancements, methodologies, algorithms, industrial applications, and case studies in these domains.

The topics include but are not limited to

- Track #1** Multidimensional Signal Processing (MSP)
- Track #2** Intelligent Electrical Systems & Industrial Automation (IESIA)
- Track #3** Modern Wireless Communication Systems and Networks (MWCSN)
- Track #4** Intelligent Computing and Systems (ICS)
- Track #5** Sensors, Embedded Systems & IoT (SES&IoT)
- Track #6** Smart Healthcare and AgriTech for a Sustainable Future (SHAS)
